Jack E. Myers, Gardner R. 2, was named Monday evening by the York Suburban School Board as a member of the teaching staff for next year. He is a graduate of Shippensburg State Teachers College with four years experience and will teach French and English.

WASHINGTON (AP) — A Navy patrol plane was attacked by MIG jet fighters over international waters of the Sea of Japan Monday and one of the crew was seriously wounded, the Defense Department reported today.

The incident in which two MIG fighters were believed to have made the attack, occurred about 85 miles east of Wonsan, North Korea.

The first reports received here did not make clear whether the American plane returned the fire.

"Radio reports said the jets attacked without warning, firing tracer ammunition," the Pentagon announcement said.

Neither did those reports identify the attacking planes by nationality. The MIGs are Russian-type planes used by the Soviets, Red Chinese and North Koreans.

Six Firing Runs

"Thought to be two in number, they made six firing runs and followed the P4M to within 50 feet of the water as the patrol plane

Gets Degree At Temple University

Roland Stover Keller, son of Mr. and Mrs. Glenn R. Keller, McKnightstown, was graduated from Temple University last Thursday with an associate in science degree. Keller, who is a Gettysburg High School graduate in the class of 1956, plans to serve his apprenticeship in mortuary science with a Philadelphia funeral director and then will take his state examination.

His parents went to Philadelphia for the commencement exercises when diplomas were awarded to 1,675 in Convention Hall. Governor David L. Lawrence was the principal speaker. Among those receiving honorary degrees was U. S. Senator Hugh Scott.

'Field Visitors On Increase Last Week

Visitation to the Gettysburg battlefield continued to increase last week.

During the period which began Monday, June 8, and ended Sunday evening, 25,030 toured the field according to the National Park estimate released today.

Of that number 21,168 persons traveled by cars through the battlefield, an increase over the 15,008 estimated to have toured the battlefield by private car during the prior week.

At the same time the week marked the normal beginning of the decline in the bus tours which reaches a peak in May. Where 6,930 had visited the field by bus during the prior week, the number by bus during last week was 3,862, traveling in 111 buses.

DR. F. TILBERG GETS GIFT FOR CLUB SERVICE

Dr. Frederick Tilberg, E. Broadway, historian for the local National Park, was commended Monday evening at a meeting of the Rotary Club at the YWCA for 15 years service as secretary of the club. He will conclude his service as secretary in July, having declined re-election.

Dr. Bruce N. Wolff, Dr. Kenneth Smoke and President David Blocher, three of the presidents under whom Dr. Tilberg served as secretary, spoke in praise of his service to the local club.

Mark Tice, Lebanon, district governor of Rotary, told of Dr. Tilberg's service to the district.

Tice said: "During the years he has become well known and highly appreciated by the district and Rotary International. He was the one secretary the district president and the international organization did not have to worry about, and were complete."

"But more than that he gave willingly of his time and knowledge to Rotary. At district meetings he was called to serve on panels for the training of other secretaries. He was the one to whom most turned for an answer when some question concerning Rotary arose. And he always had the right answer."

Dr. Smoke who served as pianist and Mares Sherman who led group singing dedicated the songs to Dr. Tilberg.

At the conclusion of the program Tilberg was presented with a wrist watch by the club. The presentation was made by Blocher.

Dr. Tilberg spoke briefly expressing his "appreciation for the opportunity to serve our Rotary Club."

Forty-seven attended the meeting.

Sound 13 State Alarm For Youth Boy, Missing

State police this morning sent out a 13-state alarm in an effort to locate Timothy Edward Knaugh, 14-year-old York youth missing from his parents' summer cottage at East Berlin R. 2 since Monday evening.

Officers here said the youngster was staying with his parents, Mr. and Mrs. Melvin Knaugh, at the summer cottage near East Berlin, Monday evening he ate his supper, then took his bicycle to "go play with some youngsters."

The officers said that the youth apparently joined a group of youngsters in the area and played with them until about 8 o'clock. He then left apparently to return home.

When he failed to return, his parents began a search and enlisted the help of other persons in the neighborhood. This morning police were called to assist.

The youth is white, aged 14, with blue eyes and crew cut dark brown hair. He is five feet tall, weighs 120 pounds, and was wearing dungarees and a red plaid flannel shirt and sneakers when he bicycled off from his playmates at 8 o'clock Monday evening.

PLAN BENEFIT AUCTION AT JUNE BAZAAR

The medical staff of the Warner Hospital has announced plans for an auction of "new and usable articles" Saturday evening, June 27, in connection with the bazaar the Hospital Auxiliary will conduct at the opening of the new South Wing of the hospital.

With Auctioneer Clair Slaybaugh on hand to cry the sale, the auction will begin at 7:30 o'clock that evening at the edge of the garage area north of the hospital.

Sporting equipment, hunting and fishing gear, car accessories, furniture, pictures, books, and many other types of useful articles will be offered. One spokesman for the medical staff emphasized that it will not be a "white elephant" auction of surplus or cast-off articles.

Proceeds of the auction will be turned over to the Hospital Auxiliary to help it pay off its pledge toward the new wing of the hospital.

Invite Donations

The staff invites business places, individuals, former patients and any others interested to donate articles for sale. One section of the garage at the hospital will be cleared for use as storage for the auction donations by Friday, June 26.

Persons who have articles to donate for the auction but do not have any means of getting them to the hospital garage may call Mrs. James Allison at 2088-Z-2 and arrangements will be made to pick up the donations.

Dr. R. W. Gifford and Dr. Allison are in charge of arrangements for the auction under sponsorship of the staff.

TELLS KIWANIS OF FUND DRIVE

Gen. Willard S. Paul, president of Gettysburg College, spoke on the capital fund drive of the college at the meeting Monday evening of the Kiwanis Club at the Peace Light Inn.

Guests were introduced by Club President Robert McCoy. They were Carl R. Martz and Howell Baldwin. Paul was introduced by Herbert Hamme, immediate past president of the club.

The college president is one of several college officials visiting service clubs in Adams County this week to present views on the college's fund drive.

Paul also outlined some of the progress made at the college in recent years. He noted that "40 new faculty members have been added in the past three years in an attempt to give more personal help to the individual student."

He also pointed out curriculum changes "to meet the demands of the day." New courses, Russian and space age mathematics, have been added, among others, he said.

The college is also building up the Civil War Institute as a "program fitting the locale" of the college, Paul said.

TRUCKLOAD OF PAPER UPSETS

A tractor-trailer loaded with paper upset Monday evening at 6 o'clock in the square at New Oxford.

State police said John R. Wisotzky, 38 S. Newberry St., York, was driving a tractor-trailer owned by J. L. Miller, York, west around the square when the load of paper apparently shifted and the tractor-trailer fell over on its side on the west side of the square.

Police said the tractor-trailer landed in the parking area of the square and thus did not interfere with traffic.

Wisotzky suffered a laceration of the left leg.

No estimate of damage was immediately available.

State police, immediately on the scene, took charge until the arrival of the New Oxford police.

DECLARE DIVIDEND

The board of directors of the First National Bank at a weekly meeting at the bank this morning declared a regular, semi-annual dividend of 3 per cent. It will be payable July 1 to stockholders of record June 20, President I. Z. Musselman announced.

CAMPERS' DEADLINE

Applications for the Girl Scout day camp to be held at Camp Happy Valley from July 13 through 17 must be in the Girl Scout office, First National Bank Building, by Friday, it was announced today. The units scheduled to camp July 13 to 17 include the Bonneville troops, Littlestown troops and the four troops sponsored by St. Francis Xavier Catholic Church here.

Vote \$450,000 For Two Fields

The House and Senate Monday approved an appropriation of \$450,000 for the purchase of land for the Gettysburg and Manassas battlefields, provided local authorities adopt adequate zoning requirements to protect the historic areas from encroachments.

The appropriation was contained in the revised budget for the Interior Department, which administers the National Park Service.

FCC STICKS TO ITS DECISION

WASHINGTON (AP) — The Federal Communications Commission today refused to reverse its ruling that political candidates are entitled to equal time on newscasts by radio and television stations.

The ruling was issued last February on a complaint by Lar Daly, running as the America First candidate for mayor of Chicago, that he wasn't getting as much time on newscasts as candidates of the major parties.

President Eisenhower called the ruling ridiculous, and Atty. Gen. William P. Rogers later filed a brief with the FCC urging reversal of the ruling.

In rejecting petitions by the broadcasting industry for reconsideration of its position, the commission did not immediately issue a formal opinion.

However, the commission was reported to have taken the position that it had no choice except to follow the wording of the law on the books, which it has read to mean that any use of a broadcasting facility by a political candidate requires that the same facility be made available to all other candidates.

A provision in the Federal Communications Act requires that political candidates be given equal opportunity for broadcasting.

COURT RULES IN ROSER CASE

The Adams County court, following a custody hearing Monday afternoon, directed that custody of two children be divided between the parents on a month-by-month basis.

The decision followed a hearing on the petition of John Allen Roser, Orttanna R. 1, for full custody of his two children, John Allen Jr., 5, and Anthony Wayne, aged 16 months. The two children were in custody of their father who declared that the mother, Mrs. Alice M. Roser, Fairfield, did not have a proper place for the children to reside.

The court ruled that the parents will each have the children on alternate months. Mr. Roser was given custody of the children from June 15 to July 15. Mrs. Roser is to have custody from July 16 to August when they return to Mr. Roser for a month, then continue to be rotated between the parents each month.

According to the order, visitation by the parents, during the periods the children are with the other parent, is to be worked out by mutual agreement between the couple.

Scout Charters Are Presented

Charters were presented Monday evening to the Cub pack, Scout troop and Explorer unit sponsored by the local Presbyterian Church at a program in Fellowship hall at the church. Pentagon records indicate the most recent previous Communist air attack on a U.S. plane in the Far East took place Nov. 17, 1958. In that incident Red fighters attacked an Air Force RB47 over the Sea of Japan. The American plane was not hit.

Another attack, June 12, 1957, involved a naval plane on a routine training flight over Formosa Strait off the Chinese coast. That American plane suffered minor damage from gunfire but there were no casualties.

Similar incidents have been occurring in the Far East area for years.

The P4M normally carries a crew of nine, but the first brief reports from the Far East did not say how many were aboard when the latest incident occurred.

This model of the Navy patrol craft has two piston and two jet engines.

Mayer, the pilot of the plane attacked Monday, is a native of Torrington, Conn., where he was born Sept. 9, 1923. He is a former enlisted man who was graduated from the Naval Academy in the class of 1947. His father and mother, Mr. and Mrs. Joseph F. Mayer, live in Litchfield, Conn. His wife lives with him at Iwakuni. They have four children.

In addition to portrayals in nursery-rhyme and fable, there is a playground with swings, sliding board, and a caboose, which children may explore.

New attractions will be added to Fantasyland from time to time, the Dicks announce.

Kenneth Dick was born in Gettysburg, graduated from Biglerville High School, and Franklin and Marshall College. Presently he is a salesman for State Equipment Co., Harrisburg, Mrs. Dick is a native of Lancaster, and a graduate of Emerson College, Boston. The couple was married in 1940 and have three daughters.

STOCKS MIXED

NEW YORK (AP)—Aluminums and selected steels made progress in a mixed stock market early this afternoon. Trading was slow. Gains and losses of key stocks ranged from fractions to about a point. The popular market averages were down slightly but gains by issues not represented in the averages produced some bright spots in the list.

Carpenter Steel gained more than a point.

WILHELM RITES WEDNESDAY

HARRISBURG (AP)—Funeral services for Cecil M. Wilhelm, 77, former state police commissioner, will be held at Harrisburg Wednesday.

Wilhelm died Sunday night in Harrisburg Hospital. He retired in 1954 as head of the state police. He was appointed commissioner in 1943 after 38 years service on the force.

Weddings

Miss Nancy Lee Tate, daughter of Mr. and Mrs. Roy Tate, Biglerville R. 2, became the bride of Edward Samuel Null, York R. 8, son of Mr. and Mrs. Walter S. Null, R. 2, Saturday afternoon at 2:30 o'clock in the

MRS. EDWARD S. NULL

United Church of Christ, Ardenstville. The Rev. Nevin Frantz, performed the double-ring ceremony.

The bride was attired in a full-length gown of embroidered or-gandy over taffeta. Her short veil was attached to a wreath of daisies. She carried a colonial daisy bouquet.

Miss Joan Tate, Biglerville R. 2, served as maid of honor. She wore a baby blue flower nylon background over baby blue taffeta. She carried a bouquet like that of the bride's.

Two Bridesmaids

Miss Judy Tate, Biglerville R. 2, and Miss Joan Null, Gettysburg R. 2, served as bridesmaids.

Larry Riegle, Gettysburg, served as best man. The ushers were Robert Tate, Biglerville R. 2, and Dan Riegle, Gettysburg.

The Misses Nina Tate and Nancy Null served as flower girls. They wore gowns like that of the maid of honor's and carried baskets of daisies.

The bride's mother wore a baby blue dress with white accessories. The groom's mother was attired in a royal blue dress with white accessories.

Immediately following the ceremony a reception was held in the social room of the church, after which the couple left for a honeymoon to Bermuda. For her going away outfit the bride was attired in white embroidered cotton sheath dress. Upon their return the couple will reside at York R. 8.

The bride is a graduate of Penn State University and will teach school in York. The groom is presently employed by the York Water Co.

Out-of-town guests were from Washington D. C., North Carolina, Indiana, and West Virginia.

Brady—Dubs

The marriage of Patricia A. Dubs, daughter of Mr. and Mrs. C. Levere Dubs, Hanover, and Andrew C. Brady, son of Mr. and Mrs. Earl T. Brady, Hanover R. 4, was solemnized Saturday at 10 a.m. in St. Joseph's Catholic Church, Hanover.

The bride was given in marriage by her father at a double ring nuptial mass celebrated by Rev.

Farmers Oppose House Bill 1581

The board of directors of the Adams County Farmers' Association took action this week to help establish adequate farm representation on the governing body of the farm migrant labor problem.

In a letter to Assemblyman Francis Worley, the farm group voiced opposition to House Bill 1581. The bill, which is being advanced by the Pennsylvania Department of Labor, would set up a commission for regulating farm labor without providing for any representation by farmers. It would be a 38-member committee, comprised principally of employees of the state and by persons who had no experience with agriculture, said the local farm group.

Meanwhile, the group complimented Speaker of the House Hiram Andrews of Cambria County, who referred the Senate Bill 683 to the House Agriculture Committee. This bill, which passed the Senate, would give farmers equal representation on the farm migrant labor commission. By referring the bill to the committee on agriculture, Speaker Andrews provided assurance that it would be given consideration in the House. Had it gone to the committee on labor, it was a foregone conclusion that the bill would have died in committee, the local farm group said.

When you are offering cheese with fresh fruit, have two varieties: one a mild cheese such as cream cheese or Edam, another a strong cheese such as Roquefort or Camembert.

Carl B. Brady, pastor of St. Rose of Lima Church of York and uncle of the bridegroom.

Approximately 200 guests attended a reception held at Conewago Fire Company hall after which the couple went on a wedding trip. They will reside at 4150 Mountwood Rd., Baltimore.

The bride and bridegroom are 1955 graduates of Delone Catholic High School. She is a 1958 graduate of St. Joseph's Hospital School of Nursing, Lancaster, and served on the surgical staff of Hanover General Hospital.

The bridegroom, who was graduated from Mt. St. Mary's College, Emmitsburg, is employed by Haskins and Sells, public accounting firm of Baltimore.

Downs—Cook

A ceremony uniting in marriage Sarah Jane Cook, daughter of Mr. and Mrs. Lloyd W. Cook, Wells-ville R. 1, and William L. Downs, son of Mr. and Mrs. Emory Downs, Red Lion, took place at 2 p.m. Saturday in Barrens Lutheran Church, near Dillsburg. The double-ring nuptials were performed by the Rev. Howard Smith, pastor.

A reception in the church social room, after which the couple left for a motor trip through eastern Canada and New England. They will reside at Red Lion R. 2 on their return.

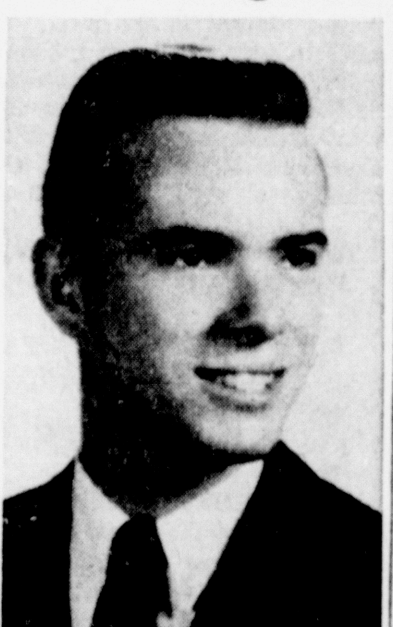

The bride, a graduate of East Berlin High School, Hospital Hospital School of Nursing, and Lebanon Valley College, will be employed at York Hospital. Her husband, a Red Lion High School graduate, is production manager at Bethlehem Furniture Co., Red Lion.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

FIFTY YEARS AGO

Nation Honors Wright Boys: Washington, June 11 — The appreciation, good will and congratulations of the American people were extended to Wilbur and Orville Wright, the American aviators, by the president of the United States.

The occasion was the presentation of the gold medals award to the Wright brothers by the Aero Club of America to commemorate the conquest of the air. In presence of distinguished statesmen, foreign diplomats and noted scientists and members of the cabinet, the two inventors of the first successful flying machine heavier than air received the first public recognition of their achievements from their fellow countrymen.

President Taft, in handing the medals to the brothers, ventured the belief that their flying machine will be the basis for the future aerial craft, and made the prophecy that the dawn of the age of flight is here.

School Board's Stormy Session: At a meeting full of arguments, disputes, and wrangles the Gettysburg School Board on Thursday evening elected Prof. Willis A. Burgoon, of Littlestown, principal of the Gettysburg Public Schools to succeed Prof. W. I. Book, who has been principal during the past eight years and who did not make application for reelection.

Announcement: I desire to announce that W. Laverne Hafer has acquired an interest in The Gettysburg Times and the Adams County News and allied printing business. Mr. Hafer will enter the business actively on July 1. Application will be made for a charter for a corporation to be known as The Times and News Publishing Company, whose officers will be Ralph R. Buvinger, President, and W. Laverne Hafer, Secretary and Treasurer.

I hope that the new firm will continue to merit the confidence and receive the patronage of the public.

Yours very truly,
Ralph R. Buvinger.

Arendtsville: The carpenters and millwrights have just finished remodeling Lawrence E. Myers' roller mill at the foot of the Narrows. It has been put in up-to-date order and he is now prepared to turn out extra flour.

The carpenters have begun work on Messrs. William and George Boyer's new barns that they are building on their farm near this place.

The prospect is for an excellent crop of wheat in this locality and the oats and grass are also doing well since the late rains. The strawberry crop is the best for many years. The fruit is large and perfect. Messrs. C. S. Rice and son shipped 15 bushels Tuesday, the most of them to Harrisburg. Harry Deardorff also has a large crop.

At The Walter Theater, York St.: Coming: Cameraphone; Actual Talking Pictures: Beginning Monday the Cameraphone will be the feature attraction at Walter's Theater. The Cameraphone is not the so called talking pictures where people are employed back of the screen with a view to talking and singing in unison with the subject but a scientific mechanical device whereby all the metropolitan successes are reproduced in motion pictures accompanied by a phonographic attachment that talk, sing and dance in unison with the picture making. It is as natural as if the characters were there in person. The program consists of such noted artists as Geo. M. Cohan, Harry Lauder, leading comic operas, &c, making it one of the most novel entertainments in the moving picture world.

Start For Gettysburg: Fifty young officers, under command of Maj. Eben Swift, one of the War College directors, started Thursday morning on a ride from Washington to Gettysburg, where a study of the battlefield will be made.

Today's Talk

HAVE A HOBBY
I attribute much of my personal happiness to the fact that most of my life I have had some sort of a hobby—the collecting of etchings, rare books, stamps, and historic letters. I have thus been associated with artists and writers of my taste and pleasure. You can't be alone with treasures that appeal to you and which help to round out your life.

Too many people find little interest in anything that is not connected with the mere making of money. My hobbies have brought great happiness to me and to my friends when I share the interest with them. My reading and writing have been greatly enriched by these hobbies. Many a new author has meant new interest in life to me.

This column is the result of one of these hobbies, and I have often asked my friends to share my love of the beautiful with me. I am not happy to enjoy it all alone. They have taken me into the realm of Nature where so much is secreted. This Earth has been my garden. The people my friends.

President Roosevelt's hobby of stamp collecting became known all over the world. Stamp collecting, in itself, opens up a world of knowledge to anyone who will take it seriously and learn from all that it can teach. You are put in contact with the world and all that it teaches. In a way it is like putting stamps in the bank, because all stamps have a known value. One learns about people, flowers, animals, heroic men and women, and nations. But have any hobby—one that enriches the mind.

Tomorrow Mr. Adams will talk on the subject: "People Who Live Big."

Just Folks

THE FLEETING BLUES

About the time that I feel blue

Some fellow always comes along

And shouts a cheery "howdy-do"

And hums a merry bit of song.

There's always some one waiting near

To grab my hand and slap my back,

And whisper kind words in my ear,

And I forget the world is black.

With so much kindness round about

And so much real good fellowship,

It's pretty hard, when I go out,

To keep a downcast, gloomy lip.

TRAINING PLAN IS DEFENDED BY JOHANSSON

GROSSINGER, N.Y. (AP)—Incensed at reports that he hasn't been taking his training chores seriously, Ingemar Johansson came to his own defense today. "I have been out dancing just twice," the Swedish challenger for Floyd Patterson's world heavyweight championship said. "And I have been on just two television programs."

Johansson, the undefeated European champion who meets Patterson for the title June 25 in Yankee Stadium, is upset at reports that he lacks enthusiasm for his task.

Likewise, he can't understand why he is criticized for not going after his sparring partners with more gusto.

"I don't believe in trying to knock them out," he shrugged, "so why should anyone else care?"

To date, he has put in 131 rounds in the ring and has missed just two days of work.

Ingemar appears to be working for speed and stamina. He apparently has enough confidence in his punching ability to concentrate on other matters.

He is on the road every morning rain or shine, and runs like all get-out.

GOV. LONG IS SENT BACK TO TEXAS CLINIC

GALVESTON, Tex. (AP)—Gov. Earl K. Long of Louisiana, who says he wants to return to his home state and enter a New Orleans hospital, was back in a Texas mental clinic today for at least another week while a judge pondered whether to free him.

District Judge L. D. Godard said Monday night after the habeas corpus hearing he felt more time should be spent studying the case before he ruled on it. He ordered Long back to the mental clinic while he delayed his decision one week.

Judge Godard also announced postponement of today's sanity hearing after a conference with Probate Judge Hugh Gibson. The sanity hearing also was moved back one week.

Sen. Russell Long (D-La.), the governor's nephew and son of the late Sen. and Gov. Huey P. Long, disagreed with the judge's postponement.

"It seems to be a very crucial point has been overlooked," said Sen. Long, who attended the hearing but was barred from testifying by court order.

Attorneys for Gov. Long asked the court to bar those representing Mrs. Long from testifying. Mrs. Long did not appear in court.

Sen. Long told newsmen after the hearing the point he had mentioned should have been clear to anyone, even those with no legal training.

"Still In Jail"

The senator has hinted he might seek the governorship.

Gov. Long, leaving the courthouse, yelled: "Still in jail. Still in jail. Texas style."

Earlier, he said: "I don't belong in an asylum."

He said if he had been freed, he would have entered Ochsen Hospital in New Orleans.

If he had gotten back to Louisiana, he said, he probably would have vetoed some bills. In Long's absence, acting Gov. Letha Frasier Monday signed or vetoed the last of the bills passed by the Louisiana Legislature, which adjourned a week ago.

"By Force And Kidnaping"
In his petition for the writ of habeas corpus hearing Long said he was a "governor in exile by force and kidnaping." He charged he was drugged, tied to a stretcher and carried aboard a National Guard plane for the flight to Galveston May 30.

Judge Godard asked Long if he wanted to testify.

At the suggestion of his three court-appointed attorneys, Long answered: "I believe it would be better if I didn't testify. I sometimes get a little excited."

However, as expected, the often tempestuous governor broke into the testimony at times. His interruptions were calm, usually drawing smiles.

Distinct Reversal
His actions and words were distinctly reversed from his performance before the Louisiana Legislature three weeks ago that led his wife Blanche to commit the governor to John Sealy Hospital and sign papers that he was mentally ill.

The governor's cousin, Dr. Arthur Long, and other family members agreed with Mrs. Long's decision.

During the testimony, an attorney asked one witness: "Did you know if Dr. Long was a psychiatrist?"

"And a horse doctor," the governor cracked.

Another witness, asked "who were present at the mansion when Dr. Long administered the hypodermics?" answered: "To the best of my knowledge, it was Dr. Long and two orderlies."

"Bone crushers," the governor interjected.

At one point, the governor asked his nephew, "How much will you charge to run?" Sen. Long didn't reply.

Family Takes Steps
Maj. Gen. Raymond Hufft, Louisiana adjutant general, told the court Long was drugged and whisked away by force.

Reliable sources told The Associated Press members of the Long family have taken steps to have the governor committed to a Louisiana hospital should he be released in Texas.

Realizing this, the informants said, the governor was trying to contact Louisiana Police Supt. John Nick Brown to ready a hand-picked guard of troops to prevent his seizure when, and if, he returns to Louisiana.

LOS ANGELES (AP)—Thomas T. Chamales, the novelist, has been fined \$500 and placed on two years probation on a battery charge resulting from arguments last March with his wife, Helen O'Connell, a singer, Chamales, fined Monday, wrote "Never So Few," a novel based on his combat experience during World War II.

SEOUL, South Korea (AP)—A group of South Koreans appealed to the American Red Cross today to intervene in the dispute over Japanese plans to repatriate destitute Koreans to Communist North Korea. The appeal was presented to U.S. Ambassador Walter Dowling.

Japan and North Korea agreed on the repatriation in principle last week, and negotiators for the two governments are now working on a detailed agreement.

South Korea claims the repatriates are being sent to Communist slavery.

HEMUS RETIRES TO DUGOUT TO MANAGE CARDS

ST. LOUIS (AP)—The majors lost their only playing manager Monday as St. Louis skipper Solly Hemus acknowledged the full time chores of a field boss and went on the inactive list.

"Well, I guess that's it as far as my playing days are concerned," said the 35-year-old infielder who took over the Cardinals this season.

Solly, dubbed the mighty mouse for his pugnacity made his way in the big leagues on brains and hustle. He never had outstanding speed, power or rifle arm. He was a pesky hitter who could deliver in the clutch.

Lacks Sharpness
"It's not my age," Solly said of his retirement, "but being a manager, I just don't get time enough to keep my legs in shape and my batting eye sharp. It's a follow-the-leader kind of thing. I want my ballplayers to be in good shape and look up to their manager, and I can't stay in tip-top shape not playing everyday."

General Manager Bing Devine said the idea of Solly retiring had been discussed since the season started.

Hemus had four hits in 17 at bats this season, but he also walked eight times.

That's where Solly sparkled — getting on base, somehow.

CHAMP MAKES OWN DECISIONS ON TRAINING

CHATHAM, N.J. (AP) — World heavyweight champion Floyd Patterson may not have much to say, but he's strictly on his own when training decisions are made.

"This has been going on for several years," said manager Gus D'Amato today as Patterson started his final week of serious training for his June 25 title defense against Sweden's Ingemar Johansson in The Yankee Stadium. "But we haven't said anything about it. Floyd is the type who needs no trainer. He's that sharp."

D'Amato merely keeps a close eye on his prize chattel. He does all the talking, but looks for other things to do when Patterson starts his training sessions.

Makes Decision
"I've heard all this talk about Floyd being overtrained," scowled D'Amato. "But it doesn't mean a thing. He knows exactly when he's had enough. He decides when, where and how long to work out."

"And I'll tell you something else. This guy simply cannot be overtrained. He can work all he wants to and still not be overtrained."

Possibly the only real top heavyweights down through the years who were their own bosses were Gene Tunney and Jersey Joe Walcott.

Winds Up Sunday
"Speaking of training," continued D'Amato, "I understand Dr. Johansson doesn't place much faith in them either."

"They tell me he hasn't been going at his training seriously enough. Well, you must realize that everyone has his own system. After all, he is undefeated in Europe, so he must know something about how to get ready for a fight."

Patterson plans to wind up serious training on Sunday.

GUATEMALA (AP) — President Miguel Ydigoras has ordered land expropriation proceedings against the United Fruit Co., charging it with trying to evict farmers occupying land it recently acquired.

The land involved is in Izabal, northern Guatemala.

The government also announced it is drawing up an agrarian law to distribute government-owned and non-cultivated private holdings to peasants. The privately owned land will be purchased.

SAN ANTONIO, Tex. (AP) — The Bexar County medical examiner, Dr. Robert Hausman, predicts "a bumper year in suicides" for San Antonio. Three persons took their lives Monday, bringing the total for the year to 29—8 more than at this time in 1958.

ALGIERS (AP) — The French army claimed today that 446 Algerian rebels were killed in fighting last week, and 145 were taken prisoner.

The army said its losses were 47 killed.

Upper Adams Pony League

The York Springs Giants remained unbeaten in the Upper Adams Pony League by crushing the Idaville Senators 17-9 Monday evening at Idaville. Starnier and Delv divided the pitching for the winners and fanned 10 batsmen while walking eight. Ronnie Black went the route for the losers and whiffed four while issuing five passes.

Arendtsville's White Sox completely outclassed the New Oxford Dodgers on the latter's field 24-2.

The Bendersville Orioles nipped the Biglerville Red Legs 5-2 at Biglerville as each team collected six hits.

Showers was the winning hurler and Hildebrand the loser.

WOMEN BEGIN MATCH PLAY AT HERSHEY

HERSHEY, Pa. (AP)—Pennsylvania's top women golfers, off to a bad start in their 23rd annual state championship tournament, hoped for better weather conditions as match play began today at the Hershey Country Club.

The rugged, 6,916-yard course—a tough one to play on the best of days—was whipped by 32-mile-an-hour gales which made Monday's 18-hole qualifying round sheer madness for the field of 87.

Scores ran so high that a 96 was enough to qualify for the championship flight. Of the 87 in the field, 42 of them failed to break 100 and only 15 of them shot under 90.

Ann Rutherford Had 82
Mrs. Paul Klinefelter, playing out of Philadelphia's Manufacturers Country Club, shot a 4-over-par 81 to win medalist honors. Close behind with 82s were Mrs. John Dyson, Hazleton, the 1956 champion; Miss Ann Rutherford, of Gettysburg Country Club, and Mrs. Horton C. Semple, of the Allegheny Country Club, Sewickley.

Mrs. John G. Caspers Jr., of Bryn Mawr, and Miss Jane Martin, of Pittsburgh's Oakmont CC, each had an 84.

Mrs. Helen Sigel Wilson, the defending champion, isn't competing this year.

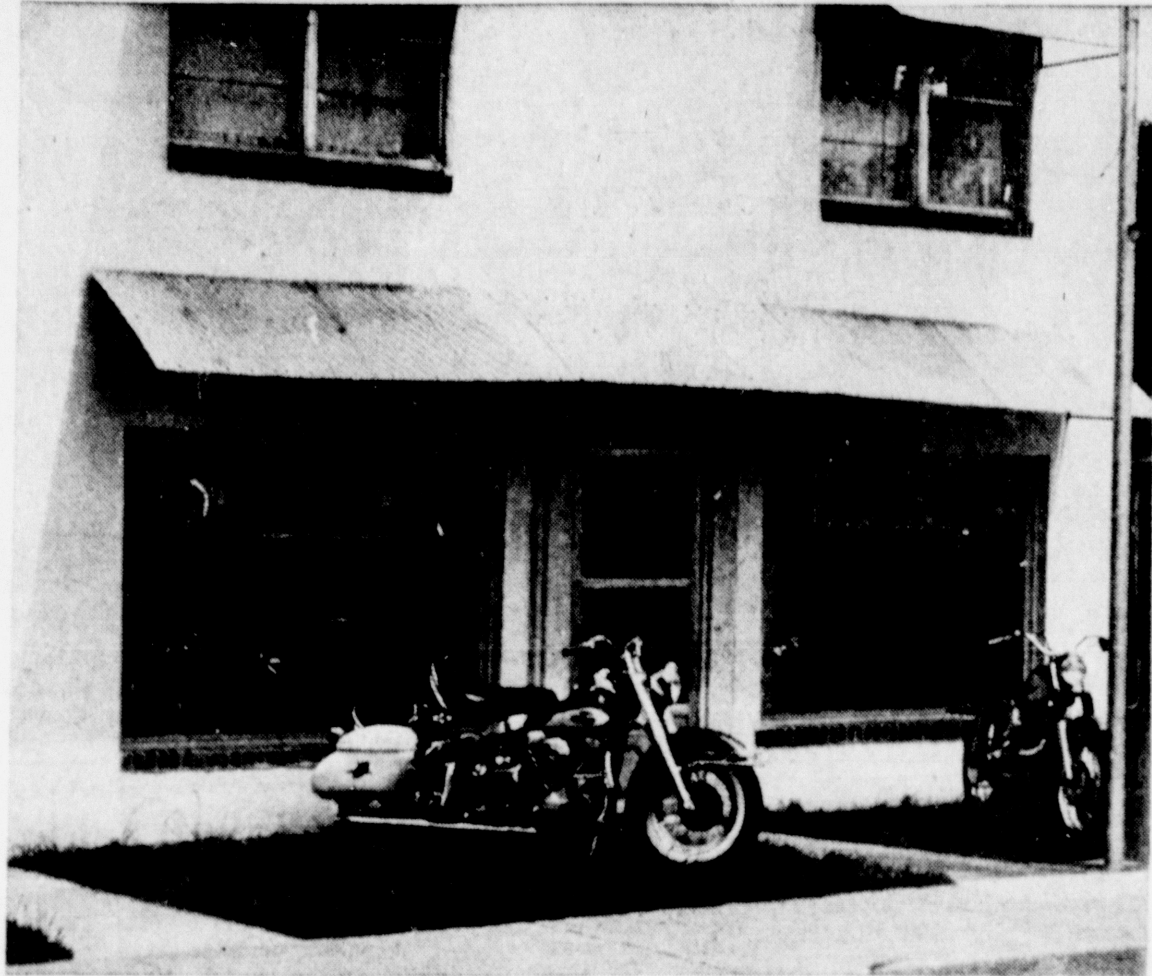

Finals Saturday
Match play will continue through Saturday when the 36-hole finals will be held.

MOTORCYCLE SHOP OPENS IN GETTYSBURG

Gettysburg's newest motor sales shop is the Harley-Davidson Sales-Service, 712 S. Washington St., opposite the Warner Hospital at Gettys St. The only Harley-Davidson motorcycle dealer in Adams County, John Toomey, the proprietor, boasts a complete line of the famed cycles running from the all new Topper, a precision tooled motor scooter, through the Sportsters to the Police model. In all Toomey has eight different models of Harley-Davidson cycles on display at his recently opened shop.

Models of the Davidson cycle, the only American made machine, range in price from \$350 to \$1,750 and in speed from 50 to 120 mph. Gas consumption in most models averages 100 miles per gallon, although the really high powered models drop off to about 45 miles per gallon. All models can be financed either through the Kilbourne Finance Service, a Harley-Davidson unit, or a local bank. In addition Toomey has both a club

plan of financing and a pay-as-you-ride plan.

Services All Makes Toomey said he will offer the

finest service. Already his full time mechanic, James Rorrer, has been busy with repairs. Last week the new business handled two scooters bound from Canada to Mexico. Repair calls have come also from Chambersburg and other out-of-county areas. The new shop has a service area in the rear of about 60 x 30 feet with ample parking area outside. All makes are repaired and serviced. A complete line of Harley-Davidson parts is stocked, together accessories and riding clothing like jackets, hats, trousers, etc.

Both Toomey and Rorrer have had extensive cycle experience. Both worked at a cycle shop in Hanover for more than ten years and Toomey also raced cycles. Recently the shop entered two machines at Windber, entered three races and had three firsts. They also won two seconds at Marlboro, Md.

Shop hours will be from 9 a.m. to 9 p.m. Monday through Friday and from 9 a.m. to 6 p.m. on

Saturday. Toomey's line of flashy Harley-Davidson models will be supplemented shortly with the appearance of the first of the 1960 lines.

READING, Pa. (AP) — The Reading Transportation Co. will inaugurate through bus service from the Lehigh Valley and anthracite region to Atlantic City on June 26.

The company said Monday the service will continue through Sept. 10. The buses will run through Shamokin, Mt. Carmel, Ashland, Shenandoah, Mahanoy City and Tamaqua.

Riding with Russell

REG. U.S. PAT. OFF.
by FREDERICK C. RUSSELL
member S.A.E.

For safety's sake we need more women who drive as men ought to drive.

If you want to keep your car from running a temperature this summer, learn to keep cool under the collar.

There are more than 100 reasons why an engine can overheat, and it is not possible to tackle the problem without a clear head. Much over heating is due to not allowing room for coolant expansion when adding water to the radiator before starting out. Coolant may be lost through the habit of stopping at the top of a long grade, due to what is known as "after boil." In his confusion a driver faced with overheating may not remember to look to other units of the car such as brakes and transmission for the cause.

Fan belt slippage often is overlooked when heating trouble develops. Gradual heating may be due to late ignition timing, too much carbon, use of too low octane gas or a slightly inefficient cooling system. Often the engine's oil is found to be badly thinned out, or in some cases it is too heavy. Motor fever can be due to a too lean carburetor mixture or to soft radiator hoses.

With automatic transmissions there may be slippage from not enough oil. In meeting the problem of summer heat a driver may find himself overlooking such a simple fact as overloading the car.

The car factory service manuals often come up with some sound advice. One that especially strikes me as logical is the warning about use of repair kits for the brake master cylinder. It sounds rather casual when the manufacturer warns against failing to use all of the new parts which such a kit contains, but many people have a way of not making the complete replacement. It may be just the worn part that will ruin the rebuilding job, if it isn't replaced.

While it is always pleasing to behold engine parts well rounded off it is natural to wonder if it would make any difference if such

parts were just roughly finished or pretty well left in the raw. The answer to this is surprising to those who are not versed in metallurgy.

It seems that rough edges of a rotating part are likely to invite fracture at higher speeds. Rounding the edges and smoothing parts helps distribute stress.

Mechanic Joe Speaking
"When a customer of mine complained that in spite of a lot of checking the engine of his car still was overheating I surprised him by taking a look at the spark plugs. He did not realize that if only one plug isn't on the job the engine is running a cylinder shy, and this power loss is just enough to push it into the trouble class."

"I found that the missing cylinder was due to too little gap at its respective plug. The same situation would have developed had the plug gap been too wide, or if plugs had been sooty with carbon."

Q. When my car comes nearly to a stop the automatic transmission suddenly shifts down rather harshly. Am I in for an expensive job? K. T.

A. This may be merely a sign of need for checking the throttle linkage for the transmission. It may be binding.

Q. The oil consumption is quite high. Car is new, and I have been careful to break in the motor properly by plenty of up and down driving without sustained high speed. Of course this wasted oil during the break-in, but I think things should be better by now. Wm. L. F.

A. Before you do anything further about this check the oil pressure. It may be too high.

Q. Is it true that an oil filter has a cooling effect on the engine's oil? N. W. U.

A. Because the filter is external in most cases it will serve to cool the oil to some extent. However, if the filter becomes so clogged that oil by-passes it then the cooling effect is temporarily lost.

Q. I suppose it's old-fashioned to ask for advice about the clutch, but currently I am troubled by a noise when I take my foot off the clutch pedal. D. N.

A. Millions of motorists are us-

ing cars with conventional drive and the clutch is still a problem. In your case the good news is the chance that the noise is merely due to a weak clutch pedal return spring.

Q. Occasionally I get backfiring in the engine. Checks show that the carburetor mixture isn't too lean, there being no air leakage around the intake system and the float level is set just right. P. D.

A. This could be due to a little water or dirt in the gas.

Q. The automatic transmission on my car has four forward speeds, the top one being equivalent to overdrive with a conventional gearbox. Will the engine's oil mileage be better in the top gear? V. L. A.

A. Definitely. So will gas mileage.

Q. There seems to be too much looseness in the steering wheel. Does this indicate wear on the

gear? R. G. C.

A. On your car it is important to check the tie rods and especially the steering arm pivot.

Q. There's a lot of chattering when the automatic transmission is in its intermediate gear. Throttle adjustment is correct. C. McN.

A. Sounds like the front band needs adjusting.

Q. Some of my friends do not change back to a summer thermostat? Why are they not bothered with overheating in hot weather? J. G.

A. Some newer engines use the same high degree thermostat all year.

DEMOCRATS CHARGE 'VETO RULE BY GOP'

WASHINGTON (AP) — The Democratic Advisory Council has taken a lousy whack at Republican "veto government." By implication, it also said it doesn't think Democratic leaders in Congress are doing enough to make a clearcut party record for 1960.

"Until there is a Democratic president in the White House," the council said in a statement Sunday, "we face the retarding and corrosive effects of 'veto government.'"

"The Congress has been continuously threatened with presidential vetoes in the attempt to hush one constructive and necessary measure after another."

The council said Congress should ignore the veto threats, rather than yielding. But with implied criticism of Democratic leaders, it added: "Time-consuming efforts have been made to water down proposed legislation to the limits of what the President might accept, or to what might win the support of the two-thirds majority in each house necessary to override a presidential veto."

Truman Is Member
The council, headed by National Chairman Paul M. Butler, has 27 members, including former President Harry S. Truman and Adlai E. Stevenson.

It does not include the Democratic Congress Leaders, Speaker Sam Rayburn in the house and Lyndon B. Johnson in the Senate. These powerful Texans declined to join when the council was formed and are not bound by its policies.

The council, mostly Butler's brainchild, is aimed at setting party positions on national issues. But without the active backing of Johnson and Rayburn, many observers feel, its effect is somewhat limited.

The council laid down what it called a minimum program for congressional action this session. This included stronger civil rights legislation.

Deaths

By THE ASSOCIATED PRESS
SYRACUSE, N.Y. (AP) — The Rev. Lawrence E. Bray, 61, retired pastor of St. Peter's Roman Catholic church in Marshall, Mo., died Saturday in a Syracuse home for retired priests. A native of Fulton, N.Y., he formerly served several parishes in Kansas City, Mo.

WASHINGTON (AP) — William H. Stead, 60, director of educational studies for the Committee on Economic Development, died in Washington Saturday shortly after he arrived from his headquarters in New York to attend a meeting.

WALLA WALLA, Wash. (AP) — John R. Cranor, 74, warden of Washington State Penitentiary from 1949 to 1954, died Friday night. Cranor formerly was superintendent of the Pontiac, Ill., branch of the Illinois State Penitentiary and held a similar post at Huntington, Pa.

INDIANAPOLIS (AP) — Charles T. Deiss, 6, Indiana state geologist, died Saturday. A native of Covington, Ky., Deiss was on the faculty of Montana State University for 14 years before coming to Indiana in 1945.

ST. LOUIS (AP) — Foster H. Brown, 41, general sales manager of radio station KMOX, died Saturday of cancer. Brown formerly taught radio news reporting at the University of Missouri, Stephens College and Lindenwood College.

SAYS UTILITIES MAKE TOO MUCH

HARRISBURG (AP) — Atty. Gen. Anne K. Alpern, who says many Pennsylvania utilities are making too much money, has called for a meeting Wednesday of officials of the state's major cities to discuss ways of getting utility rate reductions.

"There are too many utility companies which have pyramided their earnings by increasing rates, and there has been no action to bring about a reduction," the attorney general said Saturday.

Miss Alpern, who fought such rate increases during her days as Pittsburgh's city solicitor, also chided the Public Utility Commission for not showing enough enthusiasm in curtailing what she called high profits.

"I have not seen too much vigilance or sufficient activity on the

530 CASES OF VIOLENCE IN 4 YEARS IN SOUTH

ATLANTA (AP) — A report by three agencies lists an average of 132 cases of racial violence, reprisal and intimidation per year in the South since the U. S. Supreme Court's school integration decisions.

The report, covering from Jan. 1, 1955 to Jan. 1, 1959, cited 530 killings, beatings, bombings and mob action as indications of widespread erosion of individual liberties. An introduction said the incidents listed were taken from newspapers, and other reports, however reliable, were not used.

The compilation was published by the American Friends Service Committee, High Point, N. C., the Department of Racial and Cultural Relations of the National Council of Churches of Christ, New York, and the Southern Region Council. The latter group, which has headquarters in Atlanta, is a bi-racial organization working toward better race relations.

Evade, Defy Courts
Southern political leaders have declared their opposition to lawlessness, the report said. But the document suggested that legislative and executive policies of evading and defying federal court decisions may have "set an example whose contagion is uncontrollable."

Resistance groups have spread across the South, the report said, typified by the White Citizens Councils born in 1944 in Mississippi. By 1956 they had an estimated 300,000 members, the document added, and the groups' characteristic tactics have been economic pressure, lobbying and propaganda.

According to the report "other groups, such as a revived but disjointed Ku Klux Klan and some extremist offshoots of the Citizens Councils, have advocated and participated in cruder methods of intimidation."

NEFF CHARGES SMITH, JACOBS WITH "LIBEL"

BEAVER FALLS, Pa. (AP) — Samuel G. Neff, ousted manager of the State Workmen's Insurance Fund filed criminal libel charges Saturday against Auditor General Charles C. Smith and Smith's deputy J. Alexander Jacobs.

Neff, a former State Senator and once head of the State Highway Dept. in Beaver County, charged the two state officials with criminal libel, furnishing libelous statements and conspiracy to falsely accuse of a crime. The informations against Smith and Jacobs were signed before Alderman George K. Alderson in Beaver Falls Saturday night. No date was set for a hearing.

Fired Last Week
Neff was fired from his \$12,500-a-year insurance post last Tuesday. The firing followed Smith's report to Gov. Lawrence charging Neff was involved in a scheme to collect five per cent kickbacks on highway equipment in Beaver County when he headed that department.

William L. Blatt Jr., secretary of Labor and Industry told Neff the charges by Smith "reflect derogatorily upon your ability to continue in public office." Neff denied the charges.

Neither Smith nor Jacobs has commented on the charges filed by Neff.

30 Doctors And Nurses Are Ill

PHILADELPHIA (AP) — Physicians and laboratory technicians at Philadelphia General Hospital were attempting today to determine the cause and nature of an illness that has affected 30 doctors and nurses in the past week.

Dr. Thomas Batterton, resident staff physician, said the disease is assumed to be a virus infection. Those most seriously affected were in bed for three or four days. Others were just relieved of their duties.

A hospital spokesman said none of the more than 1,000 patients has been affected by the disease. Batterton said it causes a "low grade fever," cramps and a headache. Most of those stricken have been student nurses and internes.

LAME MORROW FACES TOUGH TEST IN COLO.

By FRANK PITMAN
BOULDER, Colo. (AP) — Four years ago sprinter Bobby Morrow blazed to his first national victory on the cinder path here at the University of Colorado.

Now, weighted with honors, including three Olympic gold medals, a lame Bobby Morrow faces on the same cinders the biggest threat to his No. 1 world ranking.

In the National AAU Track and Field Championships Friday and Saturday, Morrow runs against a classic field. It was in the 1955 NAAU that Morrow, an Abilene Christian sophomore then, won his first national crown with a 9.5 seconds run in the 100 yard dash. The 23-year-old, 6-foot-2, 170-pounder lowered the NAAU mark to 9.4 last year.

Has Muscle Spasm
His chief challengers are Bill Woodhouse, 21, 5-foot-10, Abilene Christian senior from Mason City, Iowa, and Ray Norton, San Jose, Calif., State senior. Like Morrow, both have churned the 100 in world record equalling official times of 9.3 seconds.

Several other collegians who've raced the distance in official 9.4 are in the field. They include Charlie Tidwell of Kansas, winner of the NCAA championship at Lincoln last Saturday with a wind-blown 9.3 Orlando Hazley of Oklahoma State and Bob Poynter, San Jose State.

Winner of 11 races in 14 starts this season, Morrow scored his last victory May 15 in the Coliseum Relays at Los Angeles.

A muscle spasm in his left thigh troubles him. He took two heat treatments Monday.

BOY LOST IN SUSQUEHANNA

LANCASTER, Pa. (AP) — A small boat caught in the turbulent rush of water from a dam spillway swamped Monday night, dumping its four occupants in the Susquehanna River. A boy was missing and feared drowned.

His father and two other men swam to shore after the boat sank. They hiked to a phone and called police who started a search for the boy.

He was Bruce Lensenig, 12, of Akron.

State police said the 14-foot boat was near the Spillway of Safe Harbor when a whistle sounded to warn that water would be released. The father, Luther, started the outboard engine and turned the boat in the direction of the spillway, intending to buck the expected rush of water.

But, he told police later, the anchor was not pulled up and the boat swamped. He said he saw his son for a moment after the swamping, but could not reach him.

The other men were George Bowman of Ephrata and Charles Gross of East Petersburg.

TOP TV STARS ESTIMATE PAY AT '\$250,000'

By CYNTHIA LOWRY
NEW YORK (AP) — For some reason, the most popular estimate of a top-salaried television star's income is "around \$250,000 a year."

The Internal Revenue Service would be amazed at the number of performers authoritatively rumored to garner this impressive sum.

Since the government stopped reporting individual salaries, about the best anybody can do about figuring how much who makes it to elicit some educated guesses, average them off and then shave them a bit.

Good Businessmen
The best paid TV stars are the good business 'men and women like Desi Arnaz and Lucille Ball, Dick Powell and David Niven, Loretta Young and a handful of others who not only act but own all or an important chunk of the properties in which they appear.

Guessees on actors' pay checks indicate that James Arness, the popular Marshall Dillon of "Gunsmoke," draws something between \$50,000 and \$70,000 a year. James Garner, the alternate week hero of "Maverick" last season made something like \$25,000 for 13 shows. Will Hutchins, a comparative youngster among the shootin', fightin', ridin', veterans, made perhaps \$1,000 each for 20 of the "Sugarfoot" series.

Probably the best paid in the whodunit area is Raymond Burr who has the title role in "Perry Mason." Burr makes somewhere between \$80,000 and \$100,000 a year.

Share The Profits
The ones who are doing best, however, are the actors who have a slice of a successful package. Blake Edwards, who dreamed up and produces Peter Gunn, gave Craig Stevens an interest in the show. That is policy, too, for Ziv, one of the big packaging companies in TV, which last year grossed 42 million dollars. Some of its stars include Lloyd Bridges with "Sea Hunt," Broderick Crawford with "Highway Patrol," and Richard Carlson with "MacKenzie Raiders."

Under Ziv's share-the-profits plan, Bridges is expected to make about \$300,000 by year's end; Crawford, \$250,000 and Carlson, \$235,000. Dane Clark, with a 10 per

POLEN URGES HOUSE STUDY BUDGET HIKE

HARRISBURG (AP) — The House Appropriations Committee has asked the full House to decide what to do about requests that the state's public schools and hospitals be given more money than Gov. Lawrence proposed in his 1959-61 budget.

Rep. J. Dean Polen (D-Washing.), chairman, said Monday night the committee felt more money should be included in Lawrence's \$1,870,000,000 budget but "I leave it to this House to resolve."

Polen made his remarks in presenting to the House the Committee's findings that the budget can be trimmed by a net of some 12 million dollars.

Polen noted that his cut in the budget, plus the reduction already made through revised estimates in last biennium's deficit, add up to a net decrease of some 48 million dollars in the original request made by Lawrence March 2.

He said raising the state subsidy base for support of public schools from the present \$5.80 per teaching unit (22 secondary or 30 elementary pupils) to \$6.00 would cost another 23 million dollars in the present biennium, and raising the subsidy base for hospital aid from \$9 a day per patient to \$10 would cost 4 millions more.

"I might add," he said, "that the various colleges, universities, schools and institutions feel that (the governor's recommendations) is not sufficient."

"We feel this is the absolute minimum on which this commonwealth can operate and maintain the services to the people of this Commonwealth," Polen said in submitting the recommendations.

SCHIAPARELLI SAYS U.S. MEN LAZY, SLOPPY

By DOROTHY ROE
Associated Press Women's Editor
Elsa Schiaparelli says American men are lazy and sloppy.

This also is true, in a lesser degree, of all men, even Europeans, says the imperious Schiaparelli, whose ideas on dress and manners have left an imprint on a generation of international society.

The Paris designer is annoyed because men won't take the trouble to dress up any more.

Dislikes Casual Living
"I get more disgusted with men all the time — particularly traveling Americans," she says. "They start out on a trip to Europe and never bother to pack a dinner jacket. This is not only stupid — it's bad manners."

"Dozens of times recently I have invited a man to a dinner party, mentioning that he should wear a black tie, only to be told gaily that he didn't bring one along. Invariably he adds — 'I'll just have to come as I am.'"

Schiaparelli takes a dim view of all phases of the current American craze for casual living.

"Give a man a chance and he'll be so casual that he won't bathe, shave or comb his hair. He'll just depend on his animal magnetism to get him by," she says.

Schiaparelli aired her views during one of her frequent trips to New York to check on her many American enterprises.

"People dress pretty badly now every place — in Paris as well as New York. There doesn't seem to be any elegance any more, and nothing is important enough to be grand occasion. It has become fashionable to be bored and careless."

"I feel life should have its great and brilliant moments, when men and women dress in the grand manner, and festivity is set in a formal frame. There are times to be casual and times to be correct. It's all right to wear a sweater and slacks on a picnic, but they don't belong in the theater or the drawing room."

"It's not polite to refuse to dress for a party. It's an insult to your minimum on which this commonwealth can operate and maintain the services to the people of this Commonwealth," Polen said in submitting the recommendations.

SAYS ADLAI, JOHNSON IN 1960 PICTURE

By JACK BELL

WASHINGTON (AP) — Don't count Adlai E. Stevenson or Sen. Lyndon B. Johnson (D-Tex.) out of the 1960 Democratic presidential contest, advises Sen. Mike Mansfield (D-Mont.).

But the assistant Senate Democratic leader said he thinks as of today Sen. John F. Kennedy (D-Mass.) is the leading contestant, and noted that Sens. Hubert H. Humphrey (D-Minn.) and Stuart Symington (D-Mo.) have increased their activities.

On the other side of the political fence, Sen. Hugh Scott (R-Pa.) predicted Vice President Richard M. Nixon will win the Republican nomination easily. Scott said New York's Gov. Nelson A. Rockefeller may well head the ticket chosen at some future convention.

"Not A Candidate" When Stevenson arrived here to attend weekend meetings of the Democratic Advisory Council he brought along a scribbled answer for what has become to him the inevitable question.

"I am not a candidate for the nomination and will not be nominated," Stevenson replied when reporters put the expected query. Mansfield indicated he can agree with the first part of Stevenson's answer, but not necessarily his statement that he will not be nominated.

"There is a lot of support for Stevenson within the party's rank and file," Mansfield said. "I don't

think he can be counted out of the picture.

Michigan's Gov. G. Mennen Williams told a television audience Sunday Stevenson "is always a possibility."

Disagrees With Butler Mansfield made it clear he is not discounting Senate Democratic Leader Johnson as a contender, either, despite Johnson's frequent statements that he isn't running and doesn't expect to be nominated.

Mansfield said he disagrees with the view expressed recently by Democratic National Chairman Paul M. Butler that the civil rights controversy will make unlikely the nomination of any aspirant from the South or Southwest. Mansfield ranked Kennedy as the current leading contestant, due in part to an early start.

Scott, a former Republican national chairman, said it doesn't make any difference whom the Democrats nominate. He said Nixon can beat any of them.

Scott predicted on a weekend television program that Nixon will win the GOP nomination on the first ballot at next year's party convention.

NEW YORK (AP) — A tugboat was raised from the East River Sunday, and the body of a crewman was found inside. The tug sank Saturday night after a hawser snapped and two barges it was towing rammed it. James McCann, 59, of Brooklyn, who was serving as engineer, was trapped inside. Other crewmen swam to safety.

SAN FRANCISCO (AP) — Fred Wray, 5, was bouncing on the upper bunk bed in his second-story bedroom Sunday and bounced himself through the window.

He landed on concrete steps 25 feet below, cut and bruised.

HONOLULU (AP) — Tear gas quelled an uprising Sunday in Oahu Prison where a half dozen inmates held a guard hostage 40 minutes.

CAUTION HOUSE AGAINST CUTS IN FOREIGN AID

WASHINGTON (AP) — The House was cautioned Monday against cutting foreign aid spending too sharply despite instances of waste and some corruption in the program.

"I am sure that much more needs to be done to eliminate waste and improve the effectiveness of the program," Rep. Thomas E. Morgan (D-Pa.) said in a speech at the opening of debate.

But he added at another point: "I am absolutely convinced that if we eliminate or drastically curtail the mutual security program, the loss of the cold war will be inevitable."

Too Much Or Too Little Morgan is chairman of the House Foreign Affairs Committee, which recommended authorizing \$3,642,600,000 of new money for the aid program next year.

To many House members, this is far too much for a program they contend is producing more enemies than friends and is getting no results. To others, it is too little for an undertaking they insist has effectively curbed the spread of communism and has shored up the defenses of the free world.

President Eisenhower asked for \$266,800,000 more than the committee recommended, but the House is in no mood to increase the committee figures and might even cut them further.

PUSH PROBE OF DISASTER AT KNOX MINE

HARRISBURG (AP)—A special legislative committee investigating the Knox mine disaster plans another hearing in Wilkes-Barre and an inspection of the site where 12 miners perished in a flooded mine tunnel.

Sen. Frank R. Koprivier (R-Allegheny), co-chairman, said Sunday night that the committee has decided to hold the hearings June 25 before making a final report to the Legislature.

He said David Cosslett, a state mines inspector, and Daniel Connelly, deputy mines secretary, will be recalled to testify at the hearing.

Started After Flood The committee held a series of public hearings soon after flood

COL. WILHEM DIES; FORMER HEAD OF POLICE

HARRISBURG (AP) — Col. Cecil M. Wilhelm, commissioner of Pennsylvania state police from 1943 to 1954, died Sunday night in Harrisburg Hospital after a lengthy illness.

The 77-year-old Harrisburg resident had been admitted to the hospital May 17. The nature of his illness was not disclosed.

Wilhelm was one of the original members of the state police force, which was formed in 1905.

Rose Through Ranks He began his police career as a sergeant, rising through the ranks until he was appointed head of the state police in 1943 by former Governor Duff.

Wilhelm completed 49 years service before retiring in December 1954. He first came to Harrisburg in 1919 as chief of the state police fire marshal's office.

Born in Reading Oct. 21, 1881, Wilhelm was educated in Reading public schools, Carroll Institute and the Pennsylvania Military College.

He served in the Spanish-American War and World War I. Survivors include his widow, Mrs. Lola Brandt Wilhelm, and five children.

Koprivier said the committee's counsel and engineers presented a report at a meeting in Harrisburg Sunday night. The lawyers also made recommendations regarding legislation. Koprivier declined to disclose the recommendations pending a final report.

However, he said no decisions or recommendations about possible citations of any balking witnesses were made at Sunday night's session.

BOY GETS BIG THRILL RIDING SUBWAY CARS

By ED CREAUGH

NEW YORK (AP)—The best way to see New York is with a 7-year-old boy.

He has the bright eyes you once had. You can see the crazy, mud-died-up, wonderful, savage city as you never saw it before. Maybe you saw it once in all its sadly undisciplined glory. Now you see it, on your own, as a madhouse run by the inmates.

But take your 7-year-old son along and the wonderment, even some of the delight, comes back.

Empire State Building You take him to the top of the Empire State Building. He looks at all four compass points. He nods, reserving his opinion.

Later he says: "Daddy, that was fun—being up in the Empire State Building."

And if this doesn't make you laugh you don't deserve to be a parent.

Some umpire, over 100 stories high.

Chinatown Tour Then you take the little monster—a term of affection in my family—to Chinatown. He likes it, the way he likes almost any place.

"Daddy," he asks, looking back at the Chinese people going about their business, or otherwise, all around him, "what's the difference between these people and us?"

Loves Subway And if you could answer that question you should be in the

United Nations.

Most of all, though, he loves subways.

This will send a shudder through most New Yorkers—and many an ex-New Yorker. Subways are an invention of the devil, overcrowded, noisy, dirty and frequently frightening.

David thinks they're wonderful. You take him to see a live television show. He tries to act properly, impressed by all the cameras, bright lights and hung-up account executives, but you can see that he's fidgeting. So you leave.

Get Some Answer "What would you like to do?" you start to say.

But before you say it he comes on with: "Daddy, couldn't we go someplace in the subway?"

So you go down to the intestines of the city and fight your way into one of those overlighted, overpopulated, mobile slums known as subway cars. He loves it. He stands with a look of almost ecstasy, clutching one of those white poles, and is sad when he has to get off.

Times Square One night we kept David up after his bedtime while we sat in a restaurant discussing the old days with a friend or two.

Just about the time we expected him to fold he came up with: "Hey, let's get out of here. I want to see Times Square."

So he was taken there. He looked around at possibly the most flamboyant neon lights on earth. He shrugged.

"Let's find a subway station," he said.

We did.

Born today, a child has a life expectancy of 70 years, an increase of 10 years since 1937.

Convict Flees On Trip To Funeral

DENVER (AP)—An inmate of the state penitentiary, returned here to attend his father's funeral, stroled to freedom Monday when his guard left to fix a tire on a prison car. The guard, Andrew Kimmich, left Louis Vallejos, 26, at the home of the latter's parents. The prisoner is serving concurrent sentences of 10 to 20 years for aggravated robbery and 6 to 8 years for manslaughter.

Never Demands Death Penalty

TALLAHASSEE, Fla. (AP) — The veteran prosecutor in the Tallahassee rape case said he never demands the death penalty in capital cases because he felt this is a matter for the jury to decide. State Atty. William D. Hopkins made the comment Monday when asked why he hadn't called for the death penalty in the case of four white youths tried for rape of a Negro coed.

An all-white jury convicted the four. They escaped the electric chair when the jury recommended mercy.

There are four reasons why a butter-type cake may fall in the center: too much fat or sugar; too much baking powder or other leavening; too slow an oven; not baked long enough.

CHALLENGE IKE TO GET VERDICT FROM PEOPLE

By JACK BELL
WASHINGTON (AP)—Confident Democrats challenged President Eisenhower today to seek a verdict from the people on his legislative program.

If Eisenhower carries his case to the public in television-radio and other speeches, Sen. Mike Mansfield (D-Mont) said in an interview the Democrats will be ready for battle.

"We'll carry our fight to the people, too, on the basis of the record we are making in Congress," Mansfield said. "I think it is a good idea for the President to report to the people and let them decide on the basis of the record, as they have in the last three congressional elections."

Mansfield's chief, Senate Majority Leader Lyndon B. Johnson of Texas told the Senate Monday that Republicans who are criticizing this as a "do nothing" Congress "will wake up some time late in September and find out it just ain't so."

Sen. Everett M. Dirksen of Illinois, the Senate minority leader, backed up the contention of Sen. Thurston B. Morton of Kentucky, the GOP national chairman, that Eisenhower is the best salesman the Republicans have.

Dr. W. P. Camp Will Head State Hospital

HARRISBURG (AP)—Gov. Lawrence today appointed Dr. William P. Camp, Norristown, as superintendent of Norristown State Hospital at \$15,387 a year.

He succeeds Dr. Arthur P. Noyes who retired recently as director of the mental institution.

Dr. Camp, a graduate of Swarthmore College and the University of Pennsylvania Medical School, was a psychiatry instructor at the medical school.

"It is a pleasure to appoint a man of Dr. Camp's calibre to one of the key spots in our mental health system," said the governor.

JERSEY COUPLE HURT IN CRASH

LEBANON, Pa. (AP)—An elderly New Jersey couple, en route home after attending a Michigan antique automobile show, were injured seriously Monday in a two-car collision on the Pennsylvania Turnpike five miles west of the Lancaster-Lebanon interchange.

Listed in serious condition at Lebanon's Good Samaritan Hospital was Mr. and Mrs. George C. Green of Labertville, N. J. Green, 73, suffered multiple head injuries and injuries to his right hip. His wife, Jennie, 72, had injuries of the head and left arm.

The couple's 1904 Oldsmobile valued at \$5,000 was demolished, turnpike police said, in a collision with another auto operated by Norman B. Lichten, 18, of Collingswood, N. J. He was not hurt. Police said Lichten's car struck the antique auto from behind. He was arrested on a charge of assault and battery by car and committed to Lebanon County Jail in default of bail.

Before "Madame Butterfly" was made into an opera by Puccini, it was a serious play with too much written by David Belasco.

EXPERTS USE TIME SAVERS

FORT LAUDERDALE, Fla. (AP)—Some of the nation's top home-makers often use prepared mixes for cooking short cuts.

Some Mrs. America finalists who are staying together at an oceanfront hotel agreed that mixes give them more free time to spend with their family.

Mrs. Pennsylvania, 27-year-old Ellen Purnell of West Wyoming, said the mixes are prepared by people who are much more expert at homemaking than she is.

"I consider myself a very average homemaker," she said.

Mrs. Purnell said she entered the contest to help raise money for her city's Junior Chamber of Commerce.

Two members of her group said they made their own ball gowns for Saturday night's final Mrs. America judging. Mrs. Pennsylvania remarked that it's hard to get a full-length formal any more except in the bridal shops.

Geologists believe that Aruba, a Netherlands West Indies isle near the coast of Venezuela, is the top of a now submerged peak that was once forced above the Caribbean Sea by violent subterranean movements.
